

Technology Moments

Technology Moments will be held on Mondays from 3:20-4:30 through Distance Learning (see dates below). During these short time periods, various tips and tricks will be discussed on a variety of topics including but not limited to working with the Microsoft Office Suite, web page design using either Dreamweaver or Manila and a variety of other technology related topics.

Participants must register on-line and will have the option of traveling to ESU #9 for these sessions or to participate through their school's distance learning room. (DL connections are limited to three sites plus ESU #9.)

The first of these sessions will be held on January 14, 2008. Our topic will focus on using MS Word to its fullest capacity. We will be looking at using tabs, styles, and other formatting issues. There will be time for participants to ask specific questions related to projects of their own.

SCHEDULED DATES FOR TECHNOLOGY MOMENTS
